DETAILED ACTION

Allowable Subject Matter

1. Claims 250-310 are allowed.
2. The following is an examiner's statement of reasons for allowance: With respect to claims 250, 264, 272, 284, 292 and 306 the prior art of record fails to teach or fairly suggest a method for interfacing among a terminal, wherein the terminal has a hybrid operating type which can be set as either a synchronous operating type or an asynchronous operating type and the core network is an ANSI-41 operating type, a radio network and a core network, the method comprising: providing the terminal with a message including a core network operating type information with respect to claims 250 and 306, master information block with respect to claims 264, 284, 292 and, at the terminal, recognizing the operating type of the core network on the basis of the core network operating type information contained in the message, to thereby allow the terminal to operate according to the recognized operating type of the core network.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
